

**REMARKS**

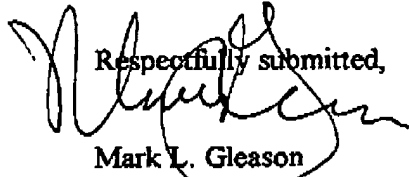

Claims 1-28 are currently pending. Applicants respectfully request reconsideration of the application in view of the following remarks.

Section 1 of the office action states that "there is no phone number to reach attorney and signature." This application was filed electronically using the USPTO ePAVE software version that was current at the time of filing. Thus, only an electronic signature of the undersigned attorney was provided electronically filed application. The application datasheet filed designates customer number 26720 for the correspondence address.

Section 2 of the office action requires removing "(para #) and (claim #)". As noted above, this application was filed electronically. 37 CFR 1.52(a)(6) states, "Papers that are submitted electronically to the Office must be formatted and transmitted in compliance with the Office's electronic filing system requirements." The application was prepared for electronic filing using the then-current version of the USPTO authoring software. This software inserted the paragraph numbers and claim numbers in brackets. Since the application was prepared using the proper USPTO software, Applicants believe it was in compliance with electronic filing system requirements.

Applicants thus believe the application is in condition for allowance. The examiner is invited to contact the undersigned attorney at 952-474-3701 with any questions or comments relating to the referenced application.

Respectfully submitted,
